~~CONFIDENTIAL~~**MEMORANDUM FOR: Members of the CIA Career Council****SUBJECT: Revised [ ] for approval by CIA Career Council**

25X1A

1. On 13 July 1955, the CIA Career Council approved a proposed revision of [ ]. This was submitted for publication and during the final co-ordination, it was discovered that CIA's proposed handling of the problem of crediting military service toward eligibility to apply for membership in the Career Staff might conflict with the Veterans' Preference Act. Accordingly, representatives of the Offices of Personnel and General Counsel conferred with the Civil Service Commission. The memorandum of this conversation was on the Agenda of the Career Council for 15 September 1955.

25X1A

2. Other than minor editorial changes, the attached revised [ ] contains three major changes as follows:

a. Page 3 - Paragraph 3c.

This incorporates the recommendations of the Office of the General Counsel and Office of Personnel in line with the discussions with the Civil Service Commission. Formerly, military service of a Staff Employee or Staff Agent who had been restored to civilian employment with CIA after military duty was not creditable toward eligibility to apply for membership in the Career Staff.

b. Page 4 - Paragraph 4c (3).

The last sentence was added in order to strengthen the mechanism by which service outside of the Agency would be credited and evaluated.
